Ministry of Economy, Seoul, South Korea

Curaco, a company specializing in excretory care robots, hosted by the MBN Maeil Economic Daily, was recognized by receiving the Ministry of Trade, Industry and Energy Award at the 19th Korea New Growth Management Awards ceremony held at the Maekyung Media Center in Jung-gu, Seoul.

Since its establishment in 2007, Curaco has applied for and registered 117 intellectual property rights at home and abroad and has been highly praised for securing the world's best technological competitiveness and succeeding in commercialization through service verification efforts at nursing home sites in major developed countries.

Curaco is exporting to more than 20 countries and contributing to solving the problems of the global aging society.

The Korea New Growth Management Awards awards creative and innovative companies that will lead the era of the 4th industrial revolution.
